

BELLIN COLLEGE

specializing in healthcare education

UNDERGRADUATE VIEWBOOK

Why choose a career in healthcare?

A career in healthcare can be a satisfying choice for people who love helping others and who are interested in science, technology, medicine, and math in a fast-paced environment. You can specialize in a field that is meaningful to you, which makes the work fulfilling.

The Bureau of Labor Statistics projects that job opportunities in healthcare will grow from 2022 to 2032 much faster than average with about 1.8 million new jobs each year. With this projection comes increased job security and more employment opportunities for you to thrive in a rewarding and fulfilling environment.

Why choose Bellin College?

MISSION – Bellin College is dedicated to educating healthcare professionals through innovation, leadership, and service that promotes lifelong learning and excellence.

Bellin College offers a focused curriculum, engaged faculty, extensive hands-on and clinical experience, leadership and service learning, and dedication to the values of **EXCELLENCE, INTEGRITY, COMMUNITY, and CARING** helps students succeed academically and professionally.

have a healthcare focus

of all full-time undergraduates receive some form of financial aid

UNDERGRADUATE PROGRAMS

Earn a bachelor's degree in
3 years!

Bellin College has been educating healthcare professionals for more than 115 years!

With more than 120 clinical partners, you will gain hands-on experience in a variety of areas in your field of study—ensuring that you will have the skills needed to be confident and successful in your career.

NURSING

Extensive clinical experience, the opportunity to learn multiple specialties, and an emphasis on leadership will allow you to be more confident and marketable in your nursing career.

Nurses are responsible for the delivery of effective, high-quality patient care in collaboration with other healthcare professionals. Graduates of Bellin College serve as role models for professional nursing, community service, and lifelong learning. Our graduates are prepared to address the healthcare needs of a diverse, global society and its individuals, and are committed to advancing the professional practice of nursing.

• **Bachelor of Science in Nursing program options:**

- Traditional (3-year program)
- 15-Month
- Transfer (2-year program)

ALLIED HEALTH

This area of the healthcare field delivers services involving the identification, evaluation and prevention of diseases and disorders; dietary and nutrition services; and rehabilitation and health systems management.

• **Bachelor of Science in Radiation Therapy**

Become an essential member of any cancer care team. This program includes a full-time clinical internship during your final year. You will also have the opportunity to practice using our newest simulation technology to enhance your learning experience and provide the best patient care.

• **Bachelor of Science in Surgical Assisting**

Students will learn how to provide surgeons with the instruments and equipment necessary to perform surgery, how to assist the surgeon during the procedure and how to provide pre and post-operative care in the office setting.

This program is one of the first bachelor's degree programs in the country to combine surgical technology, first assistant and office practice training, which goes beyond traditional surgical technology programs.

Medical Imaging Programs

Medical imaging uses various technologies to diagnose, monitor or treat medical conditions. We offer several medical imaging programs at Bellin College with many clinical experience opportunities.

• **Bachelor of Science in Diagnostic Medical Sonography**

This program will introduce you to a variety of sonography (ultrasound) specialties. You will have the option to choose between two different tracks:

1. **General Vascular:** Abdominal, Obstetrics/Gynecology, and Vascular (*with the option to minor in adult echocardiography*)
2. **Cardiovascular:** Adult Cardiac, Pediatric Cardiac, and Vascular

• **Bachelor of Science in Radiologic Sciences**

In this program, you will help diagnose injury and disease through the use of x-ray equipment and other technologies through two of the following specialties:

- *CT Scanning (Computed Tomography)*
- *MRI (Magnetic Resonance Imaging)*
- *Women's Imaging (Mammography)*
- *Bone Density Scanning (DXA)*

Continue your sonography education!

Continue your sonography education with our Diagnostic Cardiac Sonography Certificate program (DCS). This two-semester program is a fast-track adult echocardiography program designed for working sonographers registered in vascular technology (RVT).

**This certificate is taught fully online with one mandatory in-person weekend clinical intensive requirement in the fall semester.*

APPLYING TO UNDERGRADUATE PROGRAMS

1. Complete the Bellin College Undergraduate Admission Application found at bellincollege.edu.
2. Send official high school and applicable college transcripts.
3. Send IB and AP score reports if applicable.
4. All transcripts and score reports must be sent directly to Bellin College Admissions by the college or university to be considered official.
 - Transcripts can be mailed to 3201 Eaton Rd., Green Bay, WI 54311 or sent via electronic official transcript to admissions@bellincollege.edu.
5. Admissions counselors review all application materials in a holistic fashion within three weeks of submitting the application.

For a complete list of application requirements, please go to bellincollege.edu

Questions?

Contact our Admissions Office:

(920) 433-6650

Email: admissions@bellincollege.edu

Make Your Campus Tour More In-Depth

What better way to learn more about Bellin College than to

- Shadow a class
- Meet with faculty
- Spend time with a current student

Contact the admissions office to set up a time that works with your schedule via email at:

admissions@bellincollege.edu or call us at (920) 433-6650.

ON-CAMPUS EVENTS & OPPORTUNITIES

Summer Camps (High School Students)

We offer nursing and medical imaging summer camps for high school students (must be 16+) sponsored by Bellin Health. This is your chance to find out first-hand the roles, relationships, and responsibilities that make the nursing and medical imaging professions so rewarding!

Campers will have the opportunity to:

- Experience hands-on activities on the Bellin College campus
- Learn and practice basic care-giving skills
- Discover career opportunities available in the nursing or medical imaging fields
- Visit a variety of hospital settings
- Meet new friends
- Take home a t-shirt, hospital scrubs, and much more!

Applications open in the beginning of February.
For information, visit bellincollege.edu/summer-camps

Preview Days

We offer preview days in the Fall and Spring every year, where you are able to come to campus and learn more about the benefits of choosing Bellin College for your healthcare education.

Preview day events can vary, but they all include the opportunity to meet the admissions team, learn about the programs and how to apply, a campus tour, and hands-on activities in our Health Sciences Resource Center.

In addition to offering extensive hands-on learning and clinical experience as a Bellin College student, we also offer a variety of events you can participate in as a prospective student!

MORE OPPORTUNITIES

to explore healthcare careers!

Bellin Career Connection

Bellin Health and Bellin College are committed to providing educators and students with information and opportunities related to pursuing careers in the growing healthcare field. The Career Connection provides students with the ability to learn about health careers, practice hands-on skills, and receive guidance on college entrance requirements. Through bellincollege.edu/careerconnection guests can access a variety of information and experiences.

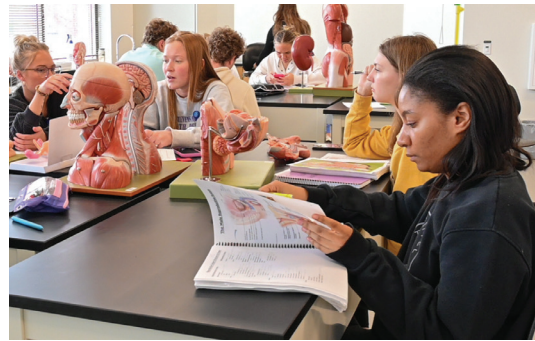

Opportunities Include:

Job Shadowing

Job shadowing gives students the opportunity to spend time with an individual as that person goes about the tasks and activities associated with his/her job. Shadowing is meant to give students a first-hand view of the world of work as well as a chance to question and learn as they observe.

Connecting with a mentor at Bellin Health or Bellin College.

The goal is to provide students with a knowledgeable contact person that will be available to discuss potential career pathways. Information may be given through a combination of email, phone calls, and/or personal meetings. Mentors may help with the application process and serve as a valuable reference when applying to colleges and graduate schools.

Healthcare Academy career focused events include:

- Healthcare Professional Symposiums
- Career Specific Exploration Days
- Healthcare Career Fairs
- and more!

For more information, head to our website: bellincollege.edu/careerconnection or contact Chad Dall at chad.dall@bellincollege.edu or (920) 433-6691

STUDENT INVOLVEMENT

Show off your unique talents and perspectives as a member of our student clubs and organizations!

Clubs and Organizations

- Bellin College Impact
- Bellin College InterVarsity (BCIV)
- Bellin Student Nurses Association (BSNA)
- Kappa Pi-at-Large Chapter

- Student Senate
- Beyond the Rainbow
- GRIT (Gaining Resilience and Insight Together)
- Bellin FIT
- Black Indigenous People of Color (BIPOC) Students

BELLIN
CAREER
Connection

BEYOND THE CAMPUS

At Bellin College, current students can participate in service learning and travel abroad to enrich their lives and practice the skills they learned in the classroom, in labs, and during clinical.

Immersion Clinical

Our Immersion Clinical Program is an alternative break option where students have the opportunity to work with diverse populations throughout the greater Green Bay community, exploring issues of social justice and social determinants of health.

Bellin College Guatemala Mission Trip

During winter interim, selected students have the opportunity to travel to Aldea Punta de Palma, Izabal in Guatemala. During the trip they stay on the Mision El Faro grounds, along the east coast of the country. The group of 14 selected students will have course content during the fall semester, which will increase their knowledge of the Guatemalan culture and the health issues that are found in the city and rural communities.

Informational sessions are held in February, with applications due in March. The teams consists of 26 individuals, 13 students and 13 providers/team staff members.

The Guatemala Mission is open to all students in all programs. Students are able to apply during their final year in their respective programs.

Bellin College is here to help you succeed!

Our small campus provides an inviting atmosphere and will help you feel at home. We're a close college community, allowing you to get to know your classmates, as well as the faculty, staff, and administration — and our focus is YOU! We're dedicated to enhancing the lives of our students and our community. We'll provide you with the knowledge, skills, and abilities to be successful in your career path, and to make a positive and lasting contribution to healthcare in our community and beyond.

Questions? Our One-Stop Shop makes it easy to find what you need:

- Transcripts • Advising • Financial Aid
- Career Services • Campus Life and more!

Our knowledgeable faculty believes in an active and hands-on approach to learning. When they are not in the classroom or lab, faculty members hold regular office hours and review sessions to help you be successful in your courses.

The *Center for Academic Success, Teaching, and Learning Excellence (CASTLE)* is designed to help students succeed by providing subject-specific support and academic coaching. CASTLE will empower students with learning strategies and skills needed to become independent learners on the path towards academic success.

FYE

First-Year Experience

Bellin College First-Year Experience (FYE) program is designed to help students succeed and foster a sense of belonging.

This comprehensive experience begins during Students Connecting, Registering, and Uniting at Bellin College (SCRUB) Days in June and July. Then, first-year students arrive the weekend before classes in late August for a Week of Welcome to kick off the start of the academic year. Activities begin at a nearby camp, where first-year students have the opportunity to become more familiar with the college, meet their mentors, and get to know their fellow classmates. The program also introduces a few of the social and extra-curricular activities Bellin College offers.

Students are then enrolled in Student Success 100. This course is designed to help students learn and improve skills and strategies that are essential to academic success. Topics include professionalism, time management, study skills, note-taking, test-taking strategies, stress management, and reading strategies, among others.

Helping students make a successful transition to college

“Week of Welcome made me feel like I belonged here, and I hadn’t even started classes yet! It was amazing being able to meet a variety of people, especially ones that were outside of my program and cohort.”

– Clara Mueller, nursing student at Bellin College

DIVERSITY, EQUITY & INCLUSION

Bellin College promotes personal growth and a healthy environment where all people feel safe, valued, and respected

“We will all profit from a more diverse, inclusive society, understanding, accommodating, even celebrating our differences, while pulling together for the common good.”

—Ruth Bader Ginsburg

Bellin College strives toward creating a community where everyone belongs. Diversity, equity, and inclusion (DEI) directly impact patient health outcomes and quality of life. Diversity and inclusion are essential in keeping associates engaged and improving the patient experience. For this and many reasons is why DEI is engraved into the college curriculum, student programming, orientations, etc. Students can engage in DEI opportunities by attending events such as historical month celebrations, joining an organization such as B-SET, attending community events promoted by the college, and more.

Bellin College seeks to honor and uphold an inclusive and welcoming attitude toward diversity in all shapes and forms. We are dedicated to creating a diverse, equitable, and inclusive environment illustrated through the beliefs and actions of our workforce and student body. By utilizing education, engagement, and application of the prior principles, our goal is to make all feel safe, welcome, and valued. It is the priority of the college to foster a passion to uphold our stated goals, so that we may positively influence our communities.

Our Commitment

- Acknowledging that diversity is holistic. We understand that the definition is constantly evolving. Our definition of diversity includes but is not limited to race, ethnicity, color, nationality, sex, sexual orientation, gender identity and expression, class, religion, disability, age, military status, visa status, economic status, geographic location and language/linguistic ability.
- As individuals, we all carry our identities into our personal and professional interactions. We encourage our community members to seek out opportunities to learn from those with perspectives different from their own.
- Creating an inclusive work environment where all people feel safe, valued and respected.
- We commit to identifying institutional barriers to a welcoming and respectful living, learning, and work environment, and allocating resources to remove them.
- Providing individuals with the resources to gain awareness and understanding of cultural identities and develop competencies of DEI through best practices training.

- Spreading awareness that DEI is a commitment and philosophy of Bellin College.
- Continuing to adapt and learn about better ways to demonstrate equality and equity amongst all.

Bellin College B-SET Program

The Bellin Students Empowered Together (B-SET) program is an experience aimed for multicultural college students coming to Bellin College. Students who participate in the B-SET program will have the opportunity to establish meaningful and supportive relationships with faculty, staff, and peers, become more familiar with campus resources and policies, develop valuable skills for college success, foster leadership skills, and create long-lasting friendships.

Students who participate in the program will attend a FREE two-day program before classes start. Students will participate in meetings that address topics such as academic advising, diversity, equity, inclusion, financial aid, study tips, etc.

Our goal is for all students to B-SET for college by having the proper resources and tools to help foster college success.

MENTAL HEALTH & WELLBEING

At Bellin College, we understand situations can arise that may impact your academic and personal life. For this reason, we ensure that students have the resources to be successful and take care of themselves. UWill is a free resource for you to use during your time of need. UWill offers a variety of options including counseling, a crisis line, on demand programming such as yoga, meditation, nutrition, etc.

Another initiative the college has developed is a Community Action Resource Evaluation (CARE) Team. This team meets multiple times per week to ensure that Bellin College is caring for the whole student. Students, faculty, and staff have the opportunity to fill out a confidential form online that gets sent to the CARE Team to ensure that students are receiving the resources they need.

The college wants students to put their needs first. This includes exercising. Bellin College has a wellness center on campus and also has a partnership with the YMCA.

All students are eligible for a membership for \$5.00/month or \$29.00/month per household. Some member benefits include:

- On-site group exercise classes (example: cycling, aqua fitness, cardio kickboxing, HIIT, etc.)
- Childcare while you work out
- Member discounts and priority registration
- A positive and supportive environment to help you meet your wellness goals!
- YMCA360 FREE On Demand Group Fitness classes

We're here for **U**

Through our partnership with Uwill, students receive

FREE Immediate Access to **TELE THERAPY** and crisis support

Financing Your Healthcare Education

Financial Aid and Scholarships

Approximately 98% of Bellin College students receive financial aid.

No one should be deterred from applying to a college because of the price tag. The Financial Aid Office at Bellin College works with students and their families to help them meet educational expenses. We understand the importance of affordability. As a private college, we try our best to keep our costs as low as possible while still providing students with the quality of faculty, facilities and services our students expect and deserve.

Financial Aid

Financial aid is any money you receive to assist you and your family with financing your college education.

Students wishing to apply for financial assistance to attend Bellin College must complete and file a FAFSA each year of their program.

Scholarships

Each year we offer a variety of scholarships to students that exemplify the College values of Excellence, Integrity, Community, and Caring.

Total Cost Estimate Of Each Program

Program	Total Tuition & Fees*
Bachelor of Science in Diagnostic Medical Sonography - Cardiovascular Concentration	\$90,237
